Our Institutes

Our Institutes are the only Language and Cultural Centres endorsed by the Governments of Spain and France. They are the largest organisations in the world specialising in the teaching of Spanish and French. They boast 170 centres in over 50 countries throughout the world.

At our Institutes, not only will you learn languages, you will also have the opportunity to explore different European cultures. Each week our students will have the chance to participate in the cultural activities that we organise.

For learners who already have some knowledge of the language we offer an initial assessment to ensure that each student is placed in a course at the appropriate level. Students have access to our library, which offers a wide selection of literature, as well as movies, music, magazines and newspapers from Spain and France.

Study Plan

We are proud to announce that we follow the guidelines established by the *Council of Europe* in terms of course curriculum.

The Common European Framework of Reference for Languages (CEFR) provides a basis for the international recognition of language qualifications, thus facilitating educational and occupational mobility.

The Common European Framework of Reference (CEFR) splits learners into three broad categories which can be subdivided into six levels:

A - Basic User	A1 - Breakthrough A2 - Waystage
B - Independent User	B1 - Threshold B2 - Vantage
C - Proficient User	C1 - Proficiency C2 - Mastery
